## EMPLOYMENT HISTORY

**1990-  
present**

### **Freelance Writer and Photographer**

Anne Chadwick is a freelance writer and photographer specializing in environment, agriculture, and sustainability. Her book, *Pacific in My Soul*, published in January 2005, celebrates North America's spectacular West Coast from Mexico to Alaska. Her writing and photography have appeared in the *Sacramento Bee*, *Sierra Heritage Magazine*, *Ag Alert*, *California Farmer*, *Capital Press*, *California Country*, *California Florists*, *California Grower*, and the *Independent Coast Observer*. Recent installations of her fine art photography include W Gallery in Sacramento, the North Tahoe Arts Center in Tahoe City, and The Sea Ranch Lodge. Anne's photography, available on assignment, ranges from wildlife and landscapes to architecture and farm scenes.

**1990-  
present**

### **Principal, The Chadwick Company**

Ownership and operation of a consulting business that provides policy analysis, communications, and strategy development for clients ranging from fine-home builders to winegrape growers. The Chadwick Company equips clients with the information and strategies they need to achieve their potential and accomplish their goals. Occasionally work with other consultants, economists, researchers and law firms to ensure each client's needs are fully served.

**1992-95**

### **Trade Policy Adviser, California Department of Food & Agriculture**

Advised the California Secretary of Agriculture on trade issues affecting the competitive position of California agriculture. Conducted foreign missions, governor's and legislative briefings, trade seminars and served as industry liaison. Analyzed trade policy developments including GATT, NAFTA and bilateral agreements. Topics ranged from tariff-rate quotas to phytosanitary issues.

**1986-92**

### **Trade Policy Adviser, California State World Trade Commission**

Worked with California agricultural leaders and commissioners to formulate and implement trade policies. Developed a thorough understanding of California's diverse agriculture, familiarity with decision-makers in various commodity organizations, and contacts within many private companies throughout the state.
